Now there a place that's blessed  
Where we find happiness  
A place, a [unverified], a higher place of praise, praise

We lift our hands and we learn to dance and sings  
We've got the notion, then where going through the  
motions  
Now tell me really, it that victory, tell me

But there's I found and, it's a much higher mountain  
It wakes me early morning, and I know it's Zion calling  
Me into worship to give me live daily, daily

Now mmm nice, not the noise when times have come  
or stop  
My spirit my sole and my flesh  
Needs this place of praise, praise

Now there a place that's blessed  
Where we find happiness  
A place a savidrest, a higher place of praise

Now here's the story, no flesh and glory  
It is awesome presence, it's his holy name we  
reverense  
This place is precious, powerful and pure, so pure

Now mmm nice, not the noise when times have come  
or stop  
My spirit, my sole and my flesh  
Needs this place of praise, praise, praise

Now there a place that's blessed  
Where we find happiness  
A place a savidrest, a higher place of praise

Now there a place that's blessed  
Where we find happiness  
A place a savidrest, a higher place of praise, praise,  
praise

A higher place, a higher place I've found

I've found it, takes me to higher ground  
The brightness of your face, the brightness of your  
face  
Gives me a praise

I wanna go higher, higher, higher, higher, higher  
I wanna go home, I wanna go higher  
The brightness of your face, give me a higher praise  
A higher place I've found, a higher place I've found

So glad I found it, takes me to higher ground  
The brightness of your face, gives me a higher praise  
Higher praise, higher, I wanna go home
