"I'll Live For You"

Visit "[I'll Live For You](#)" on MotoLyrics.com

You gave me unmerited favor
Indescribable peace
And every morning
New mercies i see
Great is your faithfulness
Great is your love towards me
You bear all my cares and nothing compares you're
Everything to me

And when the storms of life arise
It's your love that makes it alright
You said if we live for you there's nothing you Would
not do
So we come to you

CHORUS

So I will live my whole life for you all of my days
I will trust in your power and your holy name
I will love with my heart and give you all the praise
I proclaim I promise to
I proclaim lord I'll live for you
And now it's my turn to offer
You all I have
My heart felt praise
For the rest of my days
I'll lift your name up high
I'll tell the whole world
You bear all my cares and nothing compare you're
Everything to me

You said I could call on you
If I would live for you
You said you would see me through
Whenever I needed
You said I could count on you
If I would live for
For your love it never end I hold on to your promises
