When I saw you
I could see that it was me you came to find
By the smile that was on your face..

Oh and the pain
in my heart
met the love in your eyes
and went away

We both know I owe love
I owe love
all my love
I owe everything to you
all of my life
you've given love to me
I owe love
I owe love
all my heart
it belongs to only you
the rest of my life
I know I owe you me

Every moment
till the world no longer turns
could i repay you
But I found where to start

everyday everynight
This is what I write upon
my own heart
We both know I owe love
I owe love
all my love
all my love
I owe everything to you
all of my life
you've given love to me
I owe love I owe love
all my heart
it belongs to only you
the rest of my life
I know I owe you me

Since your love has found me
never live without your love(7x)
