### Verse 1

Anoint my head  
Anoint my feet  
Send your Angels reigning down here on the  
Battleground  
For Your glory  
We're taking territory  
Fighting unseen enemies like never before  
We're Waging War

### Repeat Verse 1

### Vamp 1

I'm tired of principalities messing with me  
Waging War  
Tired of the devil stealing from me  
Waging War  
I promise he won't get, get one more thing  
Waging War  
I'm taking it back  
Taking territory  
Waging war  
I'm ready for the battle  
I'm ready to win  
Waging War  
My weapon of power  
He lives within  
Waging War  
I can't be defeated  
The enemies got to flee  
Waging War  
I'm taking it back  
I'm taking territory

### Vamp 1

Going into battle x 3

### Verse 2

Be my sword  
Be my shield  
As we claim a victory over the enemy  
In Your name

Your rule and reign  
Never being defeated anymore

We're Waging War

Repeat Verse 2

Vamp 1

Send Your fire  
Send Your fire

Vamp 2  
Fire by night  
Cloud by day  
A strong tower  
Send the Latter Rain  
Lion of Judah Lord God  
Mighty in battle  
Since You did it back then  
We know You'll do it again

Repeat Vamp 2

Going into battle x 3

Repeat Vamp 2 x 2

So we're Waging War  
I'm tired of principalities messing with me  
Waging war  
Like never before  
Tired of the devil stealing from me  
We're Waging war  
I promise he won't get, get one more thing  
Waging War  
I'm taking it back  
Taking territory  
I'm ready for the battle  
I'm ready to win  
Waging war  
My weapon of power  
He lives within  
Waging war  
I can't be defeated  
The enemies got to flee  
Waging War

We're Waging War....
