Holy father god
We welcome you within this place [x4]
We come to worship you
With all our might
We exalt the o god
The lord most high
And we magnify you
In the earth forever
O lord you are our god

Sing unto the lord
All ye saints of him
And give thanks at the remembrance
Of his holy name
For he is angry for a moment
And his favour is love
Joy comes in the morning
But weeping may endure for a night
So worship him with all of your might

(And) we come to worship you
With all our might
(And) we exalt the o god
The lord most high
And we magnify you
In the earth forever
O lord you are our god

Holy father god
Lord we welcome you within this place [x7]
