I will look into your eyes and tell you now
That I need you
An I'll never reach the end of wanting you

Angel without wings
Lyn next to me
I can't believe what heaven let you come to me tonight
Light within my soul
It's you who keeps me breathin
You who keeps me seeing there is colour in this life

I will look into your eyes and tell you now
That I need you
And I'll never reach the end of wanting you
Some how
Can't wait untill tomorrow
Till I see your face again
I will love you
Even more than I do now

When the doubt comes in
I know I'm not that easy
Baby all you have to do is turn to me and then

I will look into your eyes and tell you now
That I need you
And I'll never reach the end of wanting you
Some how
Can't wait untill tomorrow
Till I see your face again
I will love you
Even more than I do now

Every day, every moment that passes between us
Makes silence seen like it calls your name

I will look into your eyes and tell you now
That I need you
And I'll never reach the end of wanting you
Some how
I will look into your eyes and tell you now
That I need you

And I'll never reach the end of wanting you
Some how
Can't wait untill tomorrow
Till I see your face again
I will love you
Even more than I do now
