Once upon a time  
I had a dream I had a vision  
Of that someone that was missing  
In my life  
Here I am, looking back  
On the road I used to travel  
Through the darkness  
Through the times of sacrifice  
I can't believe how things can change so fast  
I can see it in your eyes  
We're gonna last

With every bit of me with all my heart  
With every single breath I'm gonna love you  
Fall into my arms tonight  
And make it allright  
If you ever come to doubt these words  
Let me be the one to break it to you  
I'm gonna love you endlessly  
With every bit of me

Love will come and go  
But as long as you are with me  
I am happy to be someone  
In this world  
You're the day  
That changed it all  
You're the nights I will remember  
For as long as I am walking on this earth

With every bit of me with all my heart  
With every single breath I'm here for you now  
I'm gonna love you endlessly

With every bit of me

If you can dream it  
If you believe me  
Like I believe it  
Standing here with you  
You brought me something  
Right out of nothing

You are the one thing  
That makes it all come true

I can see it in your eyes  
We're gonna last

With every bit of me with all my heart  
With every single breath I'm gonna love you  
Fall into my arms tonight  
And make it allright  
If you ever come to doubt these words  
Let me be the one to break it to you  
I'm gonna love you endlessly  
With every bit of me

Oh, baby  
Fall into my arms tonight  
And make it allright  
If you ever come to doubt these words  
Let me be the one to break it to you  
I'm gonna love you endlessly  
With every bit of me
