Girl, I've seen you drift away to another place and time  
And in those dreams you leave this old world behind  
Yeah, I know how hard you've been trying  
In a world that you just ain't buying

All your dreams, so far away now  
Drifting off with the rest of your yesterdays, some how  
Yeah, I know it's hard to keep on fighting  
'Cause I'm a guy who gave up trying

Oh, no, just put 'em in your pocket  
Don't lock 'em away  
I know you think your heart can't take it  
But there will come a new day

Never mind these old streets, these dusty avenues  
Never mind the things they might say about you  
They can talk but they can never ever hurt you  
They can never take your dreams away from you

Someday you will be far from here  
And all your troubles will have disappeared  
When you go, girl, don't worry about me  
Yeah, it's time now to set yourself free

Oh, no, just put 'em in your pocket  
Don't lock 'em away  
I know you think your heart can't take it  
But there will come a new day

Oh, no, don't lock 'em away  
Oh, no, don't lock 'em away
