I want to take a trip to Araby
I want to take a trip to Araby
I want to see the sun descend on a maiden's knees

I want to ride in a great bronze butterfly
I want to ride in a great bronze butterfly
I want to see the sun descend in a great big blue
Arabian sky

I want to go where white men never go
I want to go where white men never go
I want to see those natives dancing their ho-di-ho,
dancing their

Oh, dance all night
I want to take my trip to Araby
I want to take my trip to Araby

You know it's a-ra-ra-ra, a-ra-ra-ra
A-ra-ra-ra-ra-ra-ra-ra-by
