Girl of my dream, Marlene  
You know who I mean, Marlene  
You're just a dream oh Marlene  
Why don't you let me come in, let me come in

You sit there every night, Marlene  
You are just right, Marlene  
When I turn on my light, oh Marlene  
Why don't you let me come in, let me come in

Paper is torn, Marlene  
Paper on the wall, Marlene  
And I'm just a boy, oh Marlene  
Why don't you let me come in, let me come in  
I say hey, hey pretty girl  
I say hey, hey pretty girl  
I say hey, hey pretty girl  
hey pretty girl, hey pretty girl

Turn off my light, oh Marlene  
You are just a fright, Marlene  
Come here tonight, Marlene  
Why don't you let me come in, let me come in
