I got a sweet tooth  
Sunk in a soft spot  
That busts my jaw loose  
And makes my mouth rot  
And I caught a bad break  
The same one you caught  
That turned your hair white  
And choked your breath off

So I'm buried by the buzz of a year gone numb  
I'm buried by the buzz of a year gone numb  
I found gossip in the ivy and it's been swallowing my  
house  
And I found bones in the foundation that I'm just  
picking out now  
So I'm buried by the buzz of a year gone numb

I've got a fistful of shattered seashells  
That scream like soldiers stuck down an oil well  
I saw a bad sign lit up like Broadway  
And I watched my head spin  
And I heard my voice shake

I'm buried by the buzz of a year gone numb  
I'm buried by the buzz of a year gone numb  
I found trouble in the ghost town  
That I've been building with my hands  
But I found comfort in the snowstorm  
That I've been piling on my past  
So I'm buried by the buzz of a year gone numb

So I'm buried by the buzz of a year gone numb  
I'm buried by the buzz of a year gone numb  
I see symptoms of a sickness  
In every stranger on the street  
And I see danger in the distance  
Speeding straight for you and me  
So I'm buried by the buzz  
I'm buried by the buzz  
I'm buried by the buzz
