That's right just get it  
Let you feel it  
Make you lose control  
This is that hip-hop flavor mixed with a lil bit of rock &  
roll  
Valet your whip Grab your chick  
You know how it goes  
I got that shit, I got them beats thatll make you lose  
control

Step up in the club, so fresh and clean  
Not the outcast that they label me  
I'm rolling with a team, that roll so deep  
We in and out the club everyday of the week  
And I make them hits, when the beat drop  
That's when you here me say say hold up, stop

Let me take you back to 5o'clock  
When I roll the lamborghini off the block  
But not before I made them chop the top  
And throw some 20 shoe's, oh thats hot

Hit Nastos For a bite to eat  
No tuxedo cuz they reconize me  
Her lifestyle, the rich living, the fast cars  
Don't hate 'cuz I'm a superstar and I married a  
superstar  
Never come between us no matter who you are, cmon

That's right just get it  
Let you feel it  
Make you lose control  
This is that hip-hop flavor mixed with a lil bit of rock &  
roll  
Valet your whip Grab your chick  
You know how it goes  
I got that shit, I got them beats thatll make you lose  
control

Closet full of kicks  
Garage full of whips

Vegas crap table got the pit ball sticks  
They never seen a kid win like this  
So rich, that I tattoo the dice on my wrist  
And my girl too, It's no coincidence that SRT got all  
black tints  
I've never been a digger but I rock 'em nuggets  
One earring cost more than your budget  
I ain't here to brag I'm just here to pop tags  
My ferrari cost more than your lil S-class  
Look man I'm in a whole 'nother tax bracket  
It don't matter what you blow, boy you can't match it  
40 grand I take the whole crew to Miami  
Then we pop Crys off like they won Grammy's  
I take care of my own, that's my family  
Magazine talk 'cuz they don't understand me

That's right just get it  
Let you feel it  
Make you lose control  
This is that hip-hop flavor mixed with a lil bit of rock &  
roll  
Valet your whip Grab your chick  
You know how it goes  
I got that shit, I got them beats thatll make you lose  
control

That's right just get it  
Let you feel it  
Make you lose control  
This is that hip-hop flavor mixed with a lil bit of rock &

Valet your whip Grab your chick
