There's no getting out of this
Just seeing it through
It's become oh so clear
That is all we can do

Who are we lying here
Dazed and confused?
The one and only comfort is
Our love is true

When you can't have it
Is when you want it so much
It's so heavy
But two can learn to lift it up
Anyway

Whatever you want to do
I am here for you
I am here for you
I am here for you

Now we stare at the page
It says ask the dust
But is it too late to pray
For some luck

In our hearts there's a ditch
Where we are stuck
What doesn't do you right in
Makes you tough

When you can't have it
Is when you want it so bad
I still love you
There's still good times ahead
Anyway

Whatever you want to do
I am here for you
I am here for you
I am here for you
I am here for you

I am here for you

Ohh

Woh

Ohh
