"Experiment"

Before you leave these portals
To meet less fortunate mortals
There's just one final message
I would give to you

You all have learned reliance
On the sacred teachings of science
So I hope, through life, you never will decline
In spite of Philistine, defiance+
To do what all good scientists do

Experiment, make it your motto day and night
Experiment and it will lead you to the light
The apple on the top of the tree is never too high to
achieve
So take an example from Eve+

Experiment, be curious
Though interfering friends may frown
Get furious
At each attempt to hold you down

If this advice you always employ
The future can offer you infinite joy
And merriment, experiment and you'll see

Be curious
Though interfering friends may frown
Get furious
At each attempt to hold you down

If this advice you always employ
The future can offer you infinite joy
And merriment, experiment and you'll see
