[Verse 1]

It's a been long time since I saw you and I'm going out
of my mind
Don't think I can live another minute without you by my
side
(??Oh you're presence makes me weak and turn cold in
my arms??)

I need you now I need you here
I need you now this day around me and chase away my
fears
I want it now I want it here
'Cause If I'm to live without it I've been living in tears

[Chorus]

Call me, when you're home and all alone gurl,
Call me, any minute any hour
Call me; you can reach me on the cellular
Call me; you can beep me on the beeper

Dananan I'll be waitiinnngggg oooh yeah yeah

[Verse 2]

It's a been long time i've been suffering and I just can't

You've opened up the door to my heart and now i'm

Yeah my only cure

I need you know

I need you know this day around me and chase away
my fears

Call me, any minute any hour
Call me; you can reach me on the cellular
Call me; you can beep me on the beeper
