Love hurts me

Verse 1

Love hurts you over and over again  
You feel the pain inside you and it blends  
Dont think about whats happening  
Just running a head and going  
Cant take it this love aint growing  
{Or flowing }

Pre-chorus:

I have had enough you cant make me  
Feel the way like before, you arent right  
For me, but till the same again {ooh}

Love hurts you in the rain  
Love hurts in mysterious ways  
We cant say we cant know  
All we do is just hope  
Tell me love is real  
Even when it hurts  
You have to try and live again  
Cos no-matter what where all  
Going through all the gods  
Have a plan for you, so dont be scared  
And dont be shy if you love me dont you cry

Love comes to you when you think  
You aint you cant fight  
Then love takes over your heart  
Again {again} and oh its real  
Even though you got your mans  
With you even though you got a new girl  
From school even though she aint bad dame like  
Me all she gone do is run home crying youll see  
Your love belongs to me

Love hurts you in the rain  
Love hurts in mysterious ways  
We cant say we cant know  
All we do is just hope  
Tell me love is real

Even when it hurts  
You have to try and live again

Sashae:

Whatever it is you gotta be strong  
No-matter how bad you got carry on  
Dont be afraid just do it this way  
And bring yourself to me and set youe soul  
Free on the real {lovely} dont be afraid  
Cos love will find a way  
So even when you run your heart carries  
On cos no-matter how strong the feeling  
Is gone, all you can do is give me your love  
And be true

Love hurts you in the rain  
Love hurts in mysterious ways  
We cant say we cant know
