[Intro]

Never Wanna Make U Cry

Never wanna make those tears , come to your eyes

Yeah Yeah... Oh Oh , Oh Oh Ah Ah Ah!

[verse 1]

I know it's been hard between us

Don't know who you can trust

But girl it's me

Cuz what we had was more than just lust

It seems that we always quarillin'

But that don't mean a damn thing

Just as long as we always have an understanding

[Bridge]

So put all of your betters on the side

Cuz i'm gonna take you on a ride ( Oh Oh )

And forget your pride

I never want to hurt you lady

So just come and hold me honey I...OH I.. !!

[chorus]

I wanna make you mine, all the time

Thats no lie (thats no lie!)

I wanna make you mine, all the time

Thats no lie.....Oh girl

Never Wanna Make U Cry (Never wanna make you cry)

Never wanna make those tears (Never wanna make those tears)

Come to your eyes (Never wanna make you cry)

You think that I really don't love you (don't love you)

That could never be true (be true)
