"Enemy"

Don't patronize me
It only escalates my hatred for you
Don't analyze me
It only allocates my contempt for you

Don't realize me
It only decimates my patience for you
Don't pacify me, don't sacrifice me, don't you try me
Just let me be

Put the enemy, the enemy down
Put the enemy, the enemy down
You the ones
The ones that judge me

Don't justify me
It only separates my hands from you
Don't sanctify me, don't downsize me, don't you bind
me
Just let me be

Put the enemy, the enemy down
Put the enemy, the enemy down
You the ones
The ones that judge me

What we need is a real uprising

Put the enemy, the enemy down
Put the enemy, the enemy down
You the ones,
Those ones that judge me
Put the enemy, the enemy down
Put the enemy, the enemy down
You the ones,
Those ones that judge me

Listen to me, listen to these names.
Listen, Diaz, Hussein, Mussolini, do you know these
names?
Ho Chi Min, Batista, Bin laden, we got Marcos, Idia Min,
Milosovich, names.

Fanatics of filth famine and atrocity. Understand?
Delusions of grandeur, illusions of power. Do you get
it? The enemy. Pol Pot, Stalin, Suharto, Charchesku,
Mabutu, Mao, Hitler. How can we live with these
extremes? What we need is a real uprising.
