The fairy tale has found an end
The beauty that belonged back then
Had gone
I wonder where it all went wrong
The dream, the love, the recompense
The song

And here we are leaving each other
Wandering around haunted like rain

And why do we dance in sadness?
And why do we hold it in?
Why do we smile in madness?
Can't you see i need you
Can't you see i need you
Can't you see i need you
Can't you see i need you, i need you
The end.

The salt has never left my eyes
The honey in your words still seeps inside
I walk the night with ghostly steps
I wander up and down the past again

And here we are failing each other
Wandering round like a storm in the night

And why do we dance in sadness?
Why do we hold it in?
Why do we smile in madness?

Can't you see i need you
Can't you see i need you
I need you, the end.

The masquerade, the beauty recalled
The ceremony,
All was for naught
Forgotten
Forgotten
Forgotten

Can't you see i need you
Can't you see i need you
Can't you see i need you
I need you the end.

All alone
All alone i fall
All alone
All alone i fall
All alone
All alone we fall
We fall
All alone
All alone we fall
All alone
All alone i fall
I fall
All alone
All alone we fall
We fall
All alone
All alone
We fall
All alone and we're
All alone
We fall
We fall
We fall

The fairy tale found an end.
