I've got this lost direction
I've got this bad intention
I've got the need for something new
I've got this lack attention
And I've got this great connection
It makes me want to turn away from
Makes me want to turn away from you

Identify

I've got my comprehension
I've got my recollections
I've got the need to mention dues
I've got this fear rejection
I've got so much attention
I want to turn away from
Makes me want to turn away from you

Identify

If I don't have you it don't mean
Nothing

When you see yourself on the lights and the bills there
comes time
When you free yourself from your hand made cell you
might fly
Surrender
Identify

If I don't have you...
