I administer everything cool  
Unknown to you  
Telepathic rock & roll  
I'm Bowie & Dylan the Who  
And we all knew  
Telepathic rock & roll

So don't you gimme no more  
Transparent rock & roll stars  
Gimme no more transparent  
Rock & roll.

I define what's credible  
It has a bit to do with  
Telepathic rock & roll.  
I got Lennon, got Janis, got Lou  
And Bob Marley knew  
Telepathic rock & roll

So don't you gimme no more  
Transparent rock & roll stars  
Gimme no more transparent  
Rock & roll.

We communicate sonically  
Excommunicate phenomenally  
Saturate so gracefully  
Another rock & roll star

So don't you gimme no more  
Transparent rock & roll stars  
Gimme no more transparent  
Rock & roll  
Gimme no more  
Transparent rock & roll stars  
Gimme no more  
You're transparent  
Rock & roll.  
So gimme gimme rock and roll
