Give me a chance, I want to change my ways
'Cause I can't live here and look the same
Let me look up, let me look to Your face
And set me in my place, oh Lord
Set me in my place

The day is dawning and I am just rising
I pray my (strength, hope, love) won't fail
I pray my (strength, hope, love) won't fail
The day is dawning and I am just rising
I pray my (strength, hope, love) won't fail
My (strength, hope, love)

My (strength, hope, love) won't fail
My (strength, hope, love) won't fail
The day is dawning and I am just rising
I pray my (strength, hope, love) won't fail
My (strength, hope, love)

Give me a chance, I want to rise above
And grow in the knowledge of Your love
Help me to be someone who follows You
And make my heart like new, oh Lord
Make my heart like new

Give me a chance, I want to change my ways
'Cause I can't live here and look the same
