Oh, put your arms around me
It's been a long time
I don't know how to say
I want to make you mine
Oh, let your arms around me
On and on again

We fell in love in the summertime
Now fireflies have danced away
Fire is slowly dying
The days are drawing in

Can you feel the magic hanging?
Can you feel it floating in the air?

I will tell the fireflies
To light up the night for you
I will make the darkness light
Again

Oh, break this spell and tell me
Why can't you say a word
Oh, no, I can't believe
That love has gone away
Oh, let your arms around me
Please let your arms around me

I will tell the fireflies
To light up the night all around you
I will make the darkness light
I'll paint the sky all around you

I will tell the fireflies
To light up the night all around you
I will make the darkness light
All around you

On and on
Strangers on a nowhere road
On and on
Searching for light to find our way

I will tell the fireflies
To light up the night all around you
I will make the darkness light
I'll paint the sky all around you

I will tell the fireflies
To light up the night all around you
I will make the darkness light
I'll paint the sky all around you
