Oh the English rain  
Seems to follow me again  
All the way from Sintra Portugal  
It's where I met you just one year ago

Oh sweet memory (riding motorbikes down to the sea)  
Didn't feel like reality even when it was happening

And I want everything to stay  
The same as yesterday  
I want everything to stay the same

I saw you board the Paris train  
Your little halo hung sideways  
You didn't know i was there to see you go  
Standing in your furs and your arms around another  
fool

Oh tortured memory (Ceasar Paciotti's standing in the  
city square)  
You smothered everything, just when it started  
happening

And I want everything to stay (I wanted to stay)  
The same as yesterday  
I want everything to stay the same (I want it to stay)

Love is a deadly potion  
Stabs the heart and bleeds emotion  
And now nothing is the same again

Oh the politics of love  
Oh the politics of love and not feeling loved  
I know you, you doubted me all along  
Even when I told you that you were the one  
And in the street I left a lonely rose  
That no one knows, and no one knows, and no one  
knows  
But me

I want everything to stay  
The same as yesterday

Want everything to stay the same

Love is a deadly potion  
Stabs the heart and bleeds emotion  
Love is a chain reaction  
We just thought it was attraction

And I never wanted to change (and now you forced me)  
And I never wanted to change (and how you forced me)

And I know it for a fact.
