An Imitation
Of a relationship
It's all we've got

A simulation
In preservation
And our time is running out

Don't try to sell it to me
Don't try to win me over
All your lies

Don't need your consolation
Don't try to be a lover
All dried up

And I'm a fighter and uh
And I'm a loser and uh
And I'm a sticking with you

We try to take it slow
Cause time. time will let me know
If I throw you overboard

Is there an end to this?
Can we make some sense
It's all we've got

An observation
Justification
And we all want out

A work in progress
Some earth to dig in
But it's all used up

You and I
We stare into the abyss
Is there more than this?

And I'm a fighter and uh
And I'm a sympathizer and uh

I believe in you

Cause we'll try to take it slow
Cause love, love will let me know
If you stay or if you go

This situation
Disintegration
And it's barely holding up

And it's been over
And it's been over
For a long time now

But I'm a fighter and uh
And I'm a liar and uh
And I'm sticking with you.

And I'm on fire and uh
And I'm sinner and uh
And I'm sticking with you

Outro

And uh and I'm a sinner
And un and I'm a traveler
And uh and I'm a fighter
And uh and I'm a voyeur
And uh and I'm a prodigal
And uh and I'm impossible
And I will still be here and uh...

You and I we stare into the abyss
Is there more than this
Is there more than this
Is there more than this
