People always sayin what you can and cannot do
Well listen to me people I just do what I want to
I cannot justify a man with the power
To decide if and when I come down off my tower

I know with the power from above
I can make it work for me when it comes to push and
shove
I know from the talk upon the street
I can make a difference in who I meet

Chorus

I can do anything I want I say you can't
Stop me from jammin on
I can do anything I want I say you can't
Stop me from jammin on
Let it be anything anything anything I want

All my life I've always followed my dreams
People think you're crazy for your self esteem
I aint gonna sit down on my attitude and pout
I'm gonna be heard even if I have to shout because

Chorus

I can do anything I want I say you can't
Stop me from jammin on
I can do anything I want I say you can't
Stop me from jammin on
Let it be anything anything anything I want

Bridge

Take for instance just because I'm white
They say son you can't jam like that your skin is too
light
But what kind of crap is that for someone to say
I think they're jealous because I jam the groove way
Kick it

Chorus

I can do anything I want I say you can't
Stop me from jammin on
I can do anything I want I say you can't

Stop me from jammin on
Let it be anything anything anything I want

Everybody sing with me say Anything I want they will
not

Stop me from jammin on no kick it
I can do you can do we can do anything we want
