Artist: Cee-Lo

Song: Soul Machine

Album: Cee-Lo Green is the Soul Machine

[Chorus]

He's bad, he's Cee-Lo Green

But you can just call him the soul machine

(repeat 4x)

[Cee-Lo]

Now I came here for you to love

It's computer love

I make them cut through the rug when I do the club

I can take some mental electric sex

Refuting love

But Gunplay will be graphic if I do the thug

The day to day experience

Is the data that I download

And then remaster onto a rapture

Abacadabra before and after

Over and over

Losing account of all the dreams that I sold ya

But then I gave ya

At the speed of light trying to save ya

Then I go and now come back a row

Whoa

And oh I'm technic to God in a fashion but you can just
call me Lo Go

[Bridge]

Whenever you want some soul

Start him up

Whenever you need some soul

Start him up

See he's been given the power

To take you wherever you want to go

Start him up

And tell him what you want

[Bridge 2]

Once you start up the soul machine

You will see what I mean
Open your eyes and enjoy the dream
He can do anything

[All]
He's bad!
