I'm tryin' to get the feelin'

I have already seen my future  
And it looks exactly like you  
And being in love is sure enough a battle  
But I am determined to fight on through

Now some people might consider me a star or  
somethin'  
But shit, they need to shine the light on you  
If loving you is wrong  
I'm sorry but right won't do, I wanna

Live, live, live, live together  
Baby, we can make it but we got to chase it  
We got to live, live, live, live forever  
Baby, you know we could live forever, yeah

I know you see me over here in the darkness  
Talk please, stop pretending that you heartless  
Okay, okay, okay, alright, okay you win, babe  
Could you find a way to forgive me again, babe?

Get on my knees right here on the dance floor for ya  
I'll tap dance for tips at the front door for ya  
All I'm tryin' to say is forward from this day  
I wanna live

Live, live, live, live together  
Baby, we can make it but we got to chase it  
We got to live, live, live, live forever  
Baby, you know we can live forever, yeah

You hear me woman?  
What you don't think I'll make a fool out of myself  
In this club this evening, girl?

You gotta know that, gotta know  
You gotta know, gotta know  
That I love you, baby

Live, live, live, live together

Baby, we can make it but we got to chase it  
We got to live, live, live, live forever  
Baby, you know we can live forever, yeah
