She was seventeen
We took a rocket machine to mars
Was something out of this world,
She had me seeing stars.
Then just like magic
I blink, I blink,
And she was gone.
But I know she's out there. Yeah.
She's out there somewhere. Ohhh.

Tell me what i gotta do now
T o find her
Tell me what I gotta do now
To find her

Cause baby I can't sleep
When I know that you're out there.
Do you think of me,
Or there's somebody else.
Girl I don't know you, and
You don't know me
But when I find you,
Your heart will be mine.
All mine, all mine.

I was at the show, I had to stop
Could be my baby,
Standing out in the crowd
Swore that I saw her face
The lights came up,
The music drop,
And the room was empty.
But I know she's out there.
She's out there somewhere.
Ohhhh

Tell me what i gotta do now

T o find her
Tell me what I gotta do now
To find her

Cause baby I can't sleep
When I know that you're out there.
Do you think of me,
Or there's somebody else.
Girl I don't know you, and
You don't know me
But when I find you,
Your heart will be mine.

I'm getting closer each day
Swear I can feel you
Swear I will hold you again
You won't slip away this time
You'll be all mine, Yeah.
This could be forever.

[Repeat 2x]
Cause baby I can't sleep
When I know that you're out there.
Do you think of me,
Or there's somebody else.
Girl I don't know you, and
You don't know me
But when I find you,
Your heart will be mine.

All mine, all mine.
Tell me what I gotta do now,
Tell me what I gotta do now,
She's all mine.
