Welcome to the world, welcome to the world

You got your popstar, I'll be your rockstar
When it's a suicide, you call it superstar
Check out the forecast, predictions wont stop
You get your fifteen, and then they take the spot

Lets go, lets go
And then you're ready to go
Lets go lets go
Cause it's the end of the show
Lets go lets go
So just get ready to go
Lets go lets go
Lets go lets go

All the time that you were gone,
I thought about how things went wrong
Now you're coming down to earth
Ok, hello, welcome to the world

She saw the bright lights
She caught the fever
She got contagious
She never leave it
So no more time spent
And no more free shit
In fact this free ride has reached it's destination

Lets go, lets go
And then you're ready to go
Lets go lets go
Cause it's the end of the show
Lets go lets go
And when it's over, you'll know
Lets go lets go
Lets go lets go

All the time that you were gone,
I thought about how things went wrong
Now you're coming down to earth
Ok, hello, (welcome to my world) welcome to the world

Lifes a tour, I'm so sure
The ex will come before you exit girl
No more games, I confess
Far from lane I'm just so fresh
While cubit lee(?), it's the big boss
You get on the block, mr Rudolf
Kevin! 2 stars, hold your applause
Hold it down to yalls all guitars
Half my life I sacrifice
But I only came to party tonight
New chicks, get my drinks up
Every weekend we can link up
New rings, with the big cuts
Only be the best sport, get your mix up
I took my time she love me, me such
When she closes her eyes it's what she thinks of
Boss

All the time that you were gone,
I thought about how things went wrong
Now you're coming down to earth
Ok, hello, welcome to the world

Welcome to the world, welcome to the world, welcome
to the world, welcome to the world
