Who Saved Who

She stood on a ragged cliff  
High above the ocean  
Looked up at the heavens  
And cursed God and cried  
How could anyone  
Live through such emotion  
She leaned over the edge  
To throw away her life

She cast her eyes down on  
The glistening grave  
Thought she saw a child  
Struggling for the shore  
And then a still small voice said  
You can save  
She ran down the trail  
Asking what am doing this for

Jenni you saved him or did he save you  
Or did someone send him to you  
Jenni you saved him or did he save you  
Who saved who

She dragged him to the sand  
He lay without motion  
He rubbed his face and hands  
And begged for his life  
Then he started to move  
And his eyes opened  
How could one so hurt  
Feel so high

Jenni you saved him or did he save you  
Or did someone send him to you  
Jenni you saved him or did he save you  
Who saved who

The sirens faded  
And she climbed above the ocean

She looked down  
And slowly backed away  
She smiled and whispered  
Oh, I must be good for something  
Then she turned her back  
And walked away

Jenni you saved him or did he save you  
Or did someone send him to you  
Jenni you saved him or did he save you  
Who saved who
