(G. Burr/S. Vaughn/P. Young)

I can tell you're afraid to move any closer
You say you've learned your lesson before
And you're sure you won't risk your love anymore
Even though, all though this may seem so familiar
He broke your heart, but you see
It will be oh so different for you and me

Cause that was then
Never again

That was the last time
You'll ever have to say goodbye
That was the last door
You'll ever have to close and cry, behind
The last night you'll ever have to live through
And ask why love would often leave you lonely
You'll never have to watch me walk away
That's the last time you'll ever have to say
Goodbye, goodbye

Let me try
I can make it more than a promise

Please don't let our love lose to fear
Don't be scared
There's nothing to hurt you here

Cause that was then
Never again

That was the last time
You'll ever have to say goodbye
And it's the last door
You'll ever have to close and cry, behind
The last night you'll ever have to live through
And ask why love would often leave you lonely
You'll never have to watch me walk away
That's the last time you'll ever have to say
Goodbye, goodbye

Oh, it's the last time
