I been livin for the weekend  
But no not anymore  
Cuz here comes that familiar feelin  
That fridays famous for  
Yeah I'm lookin for some action  
And it's out there somewhere  
You can feel the electricity  
All in the evening air  
And it may just be more of the same  
But sometimes you wanna go where everyone knows  
your name  
So I guess I'll have to wait and see  
But I'm just gonna let something brand new happen to  
me

And it's alright  
It's alright [x5]  
Bright lights and the big city  
It belongs to us tonight

Now Friday's cool  
But there's somethin about Saturday night  
You can't say what you won't do  
Cuz you know that you just might  
I'm alive this evening

It was love at first sight  
This Saturday  
And every Saturday for the rest of my life  
And everyone's standin in line  
Yeah lookin good and lookin for a real good time  
So I'll never have to wonder if  
I'll have someone to share all of it with

And it's alright  
It's alright [x5]  
Bright lights and the big city  
It belongs to us tonight

Yes I need it  
Everybody does  
Cocktails and conversation

Music and making love

And it's alright

It's alright [x5]

Bright lights and the big city

It belongs to us tonight

Bright lights, bright lights, bright lights

And the big city

It belongs to us tonight
