I been livi'n for the weekend
But, no, not anymore
Cuz here comes that familiar feelin'
That Fridays famous for
Yeah I'm lookin' for some action
And it's out there somewhere
You can feel the electricity
All in the evening air
And it may just be more of the same
But sometimes you wanna go where everyone knows
your name
So I guess I'll have to wait and see
But I'm just gonna let something brand new happen to
me

And it's alright
It's alright (x5)
Bright lights and the big city
It belongs to us tonight

Now Friday's cool
But there's somethin' about Saturday night
You can't say what you want to
Cuz you know that you just might
I'm alive this evening
It was love at first sight
This Saturday
And every Saturday for the rest of my life
And everyone's standin' in line
Yeah lookin' good and lookin for a real good time
So I'll never have to wonder if
I'll have someone to share all of this with

[Hook]

And it's alright
It's alright (x5)
Bright lights and the big city
It belongs to us tonight

[Wiz Khalifa]
Hear the night life when it's callin'

So we drink until we fallin'
Aint a Laker but I'm ballin'
Need about 3 girls and I bought these girls to the club
Can I get em all in
Make a movie and let 'em star in it
Get drunk, get her in my car in
Do the same thing in the morning
Hear 'em hating but we ignore them
Which one wanna go
Rollin' this green, hit one on the low
Champagne, meet broads on the floor
We gettin' bread so we toast
To the life and the fact that we major
Not to mention we Taylored
Been in the game, player
Who up next neighbours

[Hook x2]
And it's alright
It's alright (x5)
Bright lights and the big city
It belongs to us tonight
