feat. Lauriana Mae

[Verse 1]

I started a war  
And I landed on my own sword  
Wish I could take back those stupid things I said  
How could I be so foolish?  
I called out to God  
But the devil keeps answering  
I'm tryin' every little remedy I can  
But it's all just bullshit

[Hook]

Well everybody says  
Time will clean up this mess  
But only you...  
Only you...  
Only you can make it better, put me back together  
Come on baby, let's be real  
Only you...  
Only you...  
Only you could stop the bleeding, give me what I'm  
needing  
Tell me so my heart can heal  
Only you

[Verse 2]

I'm dressing my wounds  
But the blood it keeps soaking through  
Yeah, I cut it just a little bit too deep  
And I feel so dizzy  
I pick up my phone  
And throw it against the wall  
And I cry like a baby in my sleep  
Without you  
With me

[Hook]

[Verse 3]

Only you can make me smile in the pouring rain

And you can take the hurt right out of my pain  
I know I can try to fill the space inside  
With somebody else but there's no use

[Outro]

Only you...

Only you...

Only you can make it better, put me back together

Come on baby, let's be real

Only you...

Only you...

Only you could stop the bleeding, give me what I'm  
needing

Tell me so my heart can heal

Only you
