Well, I'm all flesh and bone,
Hmm, I'm a man.
Cool and calm, big and strong
Hmm, I'm a man.
There's so many ladies that need love,
Oh, I'll do the best I can.
But if the morning comes and I'm not there,
Then darling please understand that
I'm a man.
I'm a man, that's right I am.
I'm a man.
Well, feels so dirty but stays so clear,
Cause I'm the man
YES, I am.
Built to last, like a love machine
But I'm a man.
I said, good or bad, right or wrong,
Oh, take me as I am.
But when you need somebody to scratch back at you
You'll need these helping hands.
Uh, I'm a man.
Uh, I'm a man.
Touch my hand.
Touch me.
I love you baby, but God knows.
Let's do that baby!!
I'm a man.
YES, I am.
