Have you ever had a day
When nothing goes your way
All you do seems to be in vain
And everything is just a waste of your time

But have you ever had that moment in life
When everything is cool, yeah
Didn't have to worry about the time
It all went as it should
You were having the greatest moment in life, yeah

Don't you worry about the past
'Cause it's gonna be what it is
All that you can do is try
To make your future beautiful, beautiful
And let it be the greatest moment in your life

I remember almost every December when we where
critters
And mama said that there was only one thing she could
get us
When God must have been with us 'cause it is heavenly
joy
When you wake up Christmas morning to every toy

Then there's the birth of my boy here to inherit the
rhythm
And when I see it in him I ask myself what more can I
give him
And I would love to but I can't spend every moment with
him
It's just those big old eyes that encourage me to keep
living

Oh when I'm singing, I'm sharing, or rhyiming I'm
shining my light
And although the love is so blinding I still end up
finding my wife
And all I can do is reminisce 'cause there is no
rewinding my life
But the futures so bright that it's almost blinding my

sight

It's like all a sudden your life is so cool
'Cause everything in it is working for you
Your friends and your family are getting along
It feels like when you hear your favorite song

Or when you know that you got money to spend
You never want that moment to end
No you never want that moment to end
No you never want that moment to end
