Basically, I'm complicated
I have a hard time taking the easy way
I wouldn't call it schizophrenia
But I'll be at least two people today
If that's okay
And I could go on and on and on
(But who cares?)
It's deep how you can be so shallow
And I'm afraid 'cause I have no fear
And I didn't believe in magic
Until I watched you disappear
I wish you were here
And I could go on and on and on
(But who cares?)
You see? Everybody is somebody
But nobody wants to be themselves
And if I ever wanted to understand you
I'd have to talk to someone else
'Cause every little bit helps

And I could go on and on and on
(But who cares?)
It feels like
The surreal life
But it's still nice
Wish I could live twice
And I still might
If these wounds heal right
I see a little light
Even though it's still night
It feels like
The surreal life
But it's still nice
Wish I could live twice
And I still might
If these wounds heal right
I see a little light
Even though it's still night
And I could go on and on and on
(But who cares?)
