Here it is sitting in my hands
Words you've written flow through my glands
My face is still as the glass in the window
I think you know that I don't want you to go

And there she is, Her hands throwin' stones
I'm under her so shes not alone
The night is catching up with today
So we face the things that we all thought would fray

In my dreams all they lack is sleep

Alone
I'm alone
Tied up in you alone
We come undone

I wake up feeling as numb as ice

Now it falls right back to me
Your words are fog so I can't see
Come on back from this breaking vacation
Haven't you heard that distance is suffication

How can grace save her right now ?

Alone
Alone
I come undone
Come on home

Come on now don't throw yourself like that

I question: Am I anybody without you

Alone
I say hold on
Your not alone
Hold on

If I had wings I could fly into you

And make you see heaven through my eyes too

And feel your heartbeat
I can feel your heartbeat
I can feel it beat
