These weekends repeat all over again
Trace your lips, I wont pretend
Am I a madman?
I am your madman
To kiss your lips and hold your hand
I am your madman

The night is tempting
Your eyes with a misty glow
IÂ'm crazy, doused in rain
Your taking me everywhere I want to go

The only real reward is kissing you back
IÂ'll stay for a never-ending while
The only real reward is your smile

These weekends repeat all over again
Trace your lips, I wont pretend
Am I a madman?
I am your madman
To kiss your lips and hold your hand
I am your madman

Do you dare me to kiss you?
Dare me to hold you?
The stars are shining
I dare me to kiss you

The only real reward is kissing you back
ItÂ's only your heart IÂ'm after
The only real reward is your laughter

These weekends repeat all over again
Trace your lips, I wont pretend
Am I a madman?
I am your madman
To kiss your lips and hold your hand
I am your madman

You make it easy for me to love you
And itÂ's easy to make it better when you have the best

These weekends repeat all over again
Trace your lips, I wont pretend
Am I a madman?
I am your madman
To kiss your lips and hold your hand
I am your madman
