[Chorus/Hook - Sleepyhead]

Tonight, Right Now, we be up in this club
This my gang everybody let me see your hands up
And the chick over there, hey girl what's up?
Down to the DJ, turn this track up!

[Verse 1 - Kevin Wei]

Chillin' with my crew up in this club tonight
No drinks that's tight, we just party all night
And shawty checkin' up on me man that's all right
Just one more dance, man I can handle that right!
(yeah)
Throw your hands up (up), throw out the rules
Party with our crew 'cause you can't be too cool
Get out on the floor, fresh new VIP
Do it like an all-star, MVP
Tough times don't last, tough people do
Hit it like it's your last, don't act like it's somethin' new
Man up in this club, I just might
Raise the atmosphere to an unknown height
No, not big like a Superbowl fight
But big like the Superbowl might
Yeah, I showed you how to live the Golden State Life
Right, now kick it back up in this club tonight! (let's go)

[Chorus/Hook - Sleepyhead]

[Verse 2 - Smokey]
