Baby it's no mystery  
You're bringing out the best in me  
And though I've been in love before  
I've never had the kind of love  
That made me feel secure

I never thought that give and take  
Mentality was right for me  
You made me open up and see, that it's for real  
And there's no other place I'd rather be

Think about you all the time  
24-7 babe  
The love I have inside for you  
Is more than any words can say  
Thanking God on bended knee  
We'll always be together babe  
You and me

If there's a high or low  
Anything can be babe  
I'll be there for you  
To pick you up off your feet, yeah  
Thanking God on bended knee  
We'll always be together babe  
You and me

When I'm in my nine to five  
A smile went across my lips when I  
Daydream about the night before  
I count the minutes  
Till I'm in your arms once more

My friends still don't understand, no  
In me they see a brand new man  
I give you props and tell them that  
My shorty's 'bout it  
She personifies the love she gives

Think about you all the time  
24-7 babe  
The love I have inside for you

Is more than any words can say  
Thanking God on bended knee  
We'll always be together babe  
You and me

If there's a high or low  
Anything can be babe  
I'll be there for you  
To pick you up off your feet, yeah  
Thanking God on bended knee  
We'll always be together babe  
You and me

Oh how I've waited for this moment in my life  
If it's you that I adore baby with you am I secure  
My life is in your hands and now I understand  
What it means to be in love again  
Never gonna let you go, oh no

Think about you all the time  
24-7 babe  
The love I have inside for you  
Is more than any words can say  
Thanking God on bended knee  
We'll always be together babe  
You and me

If there's a high or low  
Anything can be babe  
I'll be there for you  
To pick you up off your feet, yeah  
Thanking god on bended knee  
We'll always be together babe  
You and me

Think about you all the time  
Think about you all the time  
The love I have inside for you  
Is more than any words can say  
Thanking God on bended knee  
Oh we'll always be together babe  
You and me

If there's a high or low

I'll be there for you  
To pick you up off your feet, yeah

If there's a high or low  
Anything can be babe
