I can't explain it  
Kinda get this feeln' like wow, yeah baby  
Been tryin' to say it  
But I just don't quite know how?

Oh but now I'm hangin' on  
Strong to the hope that I see in your eyes

Every time you look my way  
I can feel your heart beat  
And it feels like a brand new day

So please say  
That love will be waiting  
And it will never ever go away, away, away

You been tryin' to tell me  
How you were feelin' inside, yeah lady  
Somehow I miss you  
I can't tell you why

Oh but please gimme just one more chance  
To make it up to you and I promise

Every time you call my name  
I will hear your heart speak  
And it speaks of a brand new day

And you'll say  
That love will be waiting  
And it will never

Every time you call my name  
I will hear your heart speak  
And it speaks of a brand new day

And you'll say  
That love will be waiting  
And it will never ever go away, away, away

So baby if it feels right let's make it last forever, yeah  
Our love is worth a lifetime of indescribable joy

And you won't be disappointed, giving you my word  
Trust me with your heart and your love

Every time you call my name  
I will hear your heart speak  
And it speaks of a brand new day

And you'll say  
That love will be waiting  
And it will never ever go

Every time you call my name  
I will hear your heart speak  
And it speaks of a brand new day

And you'll say  
That love will be waiting  
And it will never ever go away

Never go away  
Never go away
