I'm thinking 'bout your body, baby
Wanna love you in so many ways
The way you move it all around
Makes me wanna love you down

Contemplating, making love to you
Scented candles and some bubbles too
Come and have a private dance with me
So I can stare at your body, baby

You can have my money and
You can have my car keys, baby
Max out all my credit cards
Till you look just like a star

I'll pay all your bills
Tell me, baby, what's the deal
Why I'm so into you?

Move it slow, make sweet lovin' to me
Let it flow, you're looking so sexy to me
Lose control, you don't know what you're doing to me
With my eyes and my mind, I forget about it

Move it slow, make sweet lovin' to me
Let it flow, oh, you're looking so sexy to me
Lose control, you don't know what you're doing to me
With my eyes and my mind, I forget about it

We're sitting here, sippin' on Don Perrion
Watching you it really turns me on
And that negligee that you're wearing is tight
When you take it off, all I can say is, "My, my, my"

From your head down to your toes, sexy
Such a beautiful sight to see
One look in your eyes and I'm hypnotized
The cutest little thing I've ever seen, you can

You can have my money, baby
You can have my car keys, baby
Max out all my credit cards

Till you look just like a star

I'll pay all your bills
Tell me, baby, what's the deal
Why I'm so into you?

Move it slow, make sweet lovin' to me
Let it flow, you're looking so sexy to me
Lose control, you don't know what you're doing to me
With my eyes and my mind, I forget about it

Move it slow, make sweet lovin' to me
Let it flow, oh, you're looking so sexy to me
Lose control, you don't know what you're doing to me
With my eyes and my mind, I forget about it

There's no greater fantasy
Than the one that I share with you
You really got a hold on me
I'm taken by the way that you move

I love what I see
That sexy, sweet body
I'll take you away from here
Make us feel reality, oh

Move it slow, make sweet lovin' to me
Let it flow, you're looking so sexy to me
Lose control, you don't know what you're doing to me
With my eyes and my mind, I forget about it

Move it slow, make sweet lovin' to me
Let it flow, you're looking so sexy to me
Lose control, you don't know what you're doing to me
With my eyes and my mind, I forget about it

Bounce for me, bounce for me
Move it all around for me
Shake it, baby, shake it, baby
Up and down
Move it to the left, move it to the right
Work the body, work the body, baby, baby

Bounce for me, bounce for me
Move it all around for me
Shake it, baby, shake it, baby
Up and down
Move it to the left, now move it to the right
Work the body, baby, work the body, baby, oh

Move it slow, make sweet lovin' to me

Let it flow, you're looking so sexy to me
Lose control, you don't know what you're doing to me
With my eyes and my mind, I forget about it

Move it slow, make sweet lovin' to me
Let it flow, you're looking so sexy to me
Lose control, you don't know what you're doing to me
With my eyes and my mind, I forget about it

Move it slow, make sweet lovin' to me
Let it flow, oh, you're looking so sexy to me
