I guess that you can say that Iâ€™ve been round this  
block before  
About a thousand times or maybe even more  
And I guess that you can say a player like me had his  
share  
But love aint always fair

But somehow I lucked up cause now I wake up to the  
most beautiful woman I know  
And she sees right through my soul  
So when someone asks me what I did to deserve your  
love thatâ€™s worth much more than gold  
I just say I donâ€™t know

Chorus:

Cause who knew, that you would be what I need that  
you would be my everything  
When god made you he thought of me  
Who knew, that you would be my best friend that you  
would wear my ring  
That you would share my last name, who knew, who  
knew

Its funny how the priceless took a lifetime just to find,  
were like we left on living time  
Thatâ€™s why Iâ€™m gonna share my forever and a day  
with you filled with hope and true

But somehow I lucked up cause now I wake up to the  
most beautiful woman I know  
And she sees right through my soul  
So when someone asks me what I did to deserve your  
love thatâ€™s worth much more than gold  
I just say I donâ€™t know

Chorus:

Cause who knew, that you would be what I need that  
you would be my everything  
When god made you he thought of me  
Who knew, that you would be my best friend that you

would wear my ring  
That you would share my last name, who knew, who  
knew

Bridge:

Who knew life could be so good and that Iâ'd get to  
love the way I wished I could  
But never did till you, who knew you would be the key to  
making me happy and setting my heart free

Chorus:

Cause who knew, that you would be what I need that  
you would be my everything  
When god made you he thought of me  
Who knew, that you would be my best friend that you  
would wear my ring  
That you would share my last name, who knew, who  
knew
