God-man  
I have unmasked the truth  
God-man  
No longer shall your lies deceive me  
I know your essence is but flesh  
For years you've hid in shadows  
Through evolution of my mind  
Comes light which reveals your humanity

[Chorus:]  
Religion is a cage  
And my mind is the key  
Religion is a cage  
And I will break free

God-man  
Your rules of stone were your shield  
God-man  
Your shield cannot block the truth  
Your word is long since dead  
Just like your bastard son  
I'll do what the fuck I want  
I make my own commandments

God is a man  
His laws are dead  
God is a man  
He reigns no more

God-man  
I have unmasked the truth  
God-man  
No longer shall your lies deceive me  
I know your essence is but flesh  
For years you've hid in shadows  
Through evolution of my mind  
Comes light which reveals your humanity
