We met last night at the club  
you told me you were in love  
came home I squished in a tub  
and now you're in my yard  
woke up in saw you was gone  
you're running across my lawn  
with out your pants or shoes on  
here comes my Saint Bernard  
vodka was flowing  
but kleevage was showing  
your mind I was blowing  
then we were so freaking wasted

hey you're my boyfriend my name is Carly  
but all my doctors just call me crazy  
I made to pop tarts with extra gravy  
but I'm a tal girl you have to pay me  
psych I'm just kidding aren't I crazy  
let's watch road hours of Chlesy lately  
and all the other boys try to take me tazz me  
but doors are locked now you can escape me

come on let's do sex again  
I wanna be more than friends  
look how far my legs can bend  
I'm sorry I can't stay  
look I don't mean to be rude  
but I don't think that we screwed  
I got the pictures to prove  
hey don't look away!

you're my one and only  
that's what my dog told me  
but don't think you owe me  
now lets sacrifice some chicken  
hey this is my band  
they seem to hate me  
they don't look like they're really playing  
crap that's my husband he's in the Navy  
he's gonna kill you he's also crazy  
I'm going to kill you cause that lady

what's going on here  
he tried to rape me  
when people try to rape my wife it makes me so mad  
It makes me feel bad I'm going to kick your ass  
come to think of it my wife is just a guy and drags  
I need a real man so call me maybe
