Suspension of the time
Your body is like a goldmine
Expansions of the flesh
You're the queen in my game of chess
Not the king I'm just a pawn
As you wish I'm going down, down
As my tongue cast a spell
My expressions just a vowel
It's superb and supreme
Delicate and extreme
No matter any self esteem
Just let it go common's scream

Baby, because of what you do
I'm in love into
Baby, because of what you do
I'm in love into

Mic check one, two
Tell me what you wanna do
The night is still horny baby
I don't wanna feel lonely baby
The silk flows between
our bodies interlaced
I'm lovin' just the pace
Let's kick it in reverse
You know my sign I'm Aquarian
Underwater musicarian
When I'm alive you my zillion
One girl in a million

Baby, because of what you do
I'm in love into
Baby, because of what you do
I'm in love into

Bebe rete ban mwen
Ou se tch'èl'èl'èl'
