Darling you broke my heart
it will never be the same

U see i was walking minding my own
then i saw walking hand in hands with him
i tried to give you an excuse
until i saw you kissing him
you are the best thing that happened,
in my life and i know
iÂ'll be missing you

darling you broke my heart
it will never be be the same

ooh, what am i gonna do
my heart is still in love with you
i am trying to give us a chance
but i canÂ't forget the way you did me wrong
you are the best thing that happened,
in my life and i know
iÂ'll be missing you

darling you broke my heart
it will never be be the same again

you are the best thing that happened,
in my life and i know
iÂ'll be missing you
