

## Keysha "Love Someone"

Visit "[Love Someone](#)" on MotoLyrics.com

She was a fly beautiful mama, make my world turn  
Round & round, her voice beautiful sounds  
Met her on a sunny day late afternoon  
Lookin' like the beautiful from my honey moon  
I used to walk around under, her ventana  
Open la ventana, open yo heart nana  
We used to dream about, think about, fantasy about  
Name of my kids, the never leave me lonely  
Or I'll die slowly, brings back memories  
When I said will you marry me, plus friends of me  
Used to respect you, protect you, take you  
Under an arm, yo anyone would love you  
Even my moms, plus all the family tree  
Treat u right, so we never had to fight  
There I be lonely since the day u died  
I never had a chance to say goodbye

When I told you nothing would replace you  
The love you brought to me, babe I miss you  
I never give my heart to another  
You was my every need, my only lover  
Play the players sometimes is dangerous  
I used to play "now you're so nervous"  
If you could forgive me for the things I've done  
In my life baby you could bring back the sun  
Cuz I cry in silence when you're not around  
When I look our pictures album round & round  
I used to be a nigga who played tenderness  
Now I'm real, I'm a real gentleman  
I ain't too proud to beg for the love of my life  
For you I can make sacrifice  
I'll leave for you, I'll lie for you, I'd die for you  
I'll do anything to please you

Yo, even a B.Boy got a story confidential  
Rock the mental, even though you know a man shall  
Stay strong whatever, black whenever  
We still together, anytime of day forever  
Me and my boo, a true romance of nowadays  
Everything around make me think of yesterday  
When she passed away, I wanted, to end my life  
With a blade ,God so many tears I shed

Now and forever, u lay, on a bed of flowers  
And if I could I would come along on your journey  
But I can't, gotta stay strong, stay with families  
Caress every day, these every memories
